

# Across from Margaret Atwood's House

*by evntho*

Been running so long  
You've been running so long  
I bet you can't remember  
What you're running from  
    Said you wouldn't amount  
They said you wouldn't amount to much  
Oh how you used that crutch  
    You say I don't mean it  
When I say it's either me or the other guy  
You say I'd still be lost in that bachelor  
Across from Margaret Atwood's house  
    What we mean we ain't sayin  
And what we do gets cheaper  
The more times it's said  
    I stopped the drink and couldn't sleep  
And when I could it was only filled with dreams that  
Made me never want to sleep again  
    You say I don't mean it  
When I say it's either me or the other guy  
You say I'd still be lost in that bachelor  
Across from Margaret Atwood's house
