

# 1 Good Hubcap

*by* Jerry Ratch

I got one good hubcap  
I lost the other 3  
I just don't know  
What the heck is wrong with me

I got one good hubcap  
As you can plainly see  
The other 3 were seen  
Just a-hanging from a tree

That's what must've happened  
When I ran my car right into it  
The tree just wouldn't move  
What the heck is wrong with it?

But I still got one good hubcap  
Nothing wrong with that  
I got one good hubcap  
Though my tires all went flat

I'm gonna leave my bad luck  
Right here on the ground  
Where I've found myself a-sitting  
My dog is in the pound

I got one good hubcap  
Drinks for all around  
I got one good hubcap  
And some of me's still sound

I got one good hubcap  
I lost the other 3

I just don't know  
What the heck is wrong with me

I got one good hubcap  
As you can plainly see  
The other 3 were seen  
Just a-hanging from a tree
