

# moon/light

*by* Ed Higgins

the  
  cue  
  &  
  flash  
    of your velvet,  
    devil-dark eyes  
    my darling  
  that  
  love  
  soft  
  light  
    off those  
    bat-wing lashes  
    bending my once  
  blind  
  love  
  past  
    all erring answer  
    toward you only  
    pulled by this moon.
