

# 3 Seconds Till Uncertainty

*by* Jerry Ratch

First they  
Dust off the bottom of the sky  
But then the clock gets stuck  
At 3 seconds till uncertainty

Then they  
Dye the sunset clouds  
To make them more  
Transparent

So as not to confuse  
The human mind  
With the stuff of uncommon  
Nostalgia

And now nothing  
Needs to  
Refer to the past  
Anymore
